Objective

To obtain a position as a front end developer at your organization.

Toolbox
PC & MAC OS

HTML	C# / .NET	GitHub	MongoDB
CSS / Bootstrap	Adobe Photoshop	Mocha/Chai	WordPress
JavaScript	Adobe Illustrator	Google Analytics	
Vue.js	Adobe InDesign	MS Office Suite	
Node.js	MySQL	jQuery	

Qualifications

- Helped create a full-stack, Google API heavy, application. MeetMe@ can find the driving mid-point between two locations. At that point, it can suggest meeting spots (coffee shops, restaurants, etc.) based on the user's input. MeetMe@ was built on the Vue.js framework and The Google Maps API. It also has a MongoDB server for emailing driving directions. GitHub repository.

- Built a full-stack application within a week. Keepr allows a user to create, save, and post images and articles. Keepr was created using a .NET back end with a MySQL database and a Vue.js front end. GitHub repository.

Experience

Immersive Full-stack Grad
Jan 2018 - Apr 2018

Boise CodeWorks | Boise, Idaho

- An immersive developer school. Around 520 hours of programming & learning industry best practices.
- Created 4 full-stack applications utilizing multiple programming languages & frameworks - HTML, CSS, JavaScript, Vue.js, Node.js, MogoDB, C#, & .NET.

Graphic Designer
Oct 2016 - June 2017

Verandah Sportswear | Boise, Idaho (temp position)

- Created packaging, designed apparel, communicated art details to manufacturers, edited E-commerce websites, and provided client presentations.

Account Manager/Renewals
Nov 2014 - May 2016

SurveyMonkey | Portland, Oregon

- Joined SurveyMonkey right after they acquired FluidSurveys.
- Maintained relationships with all sales assisted FluidSurveys customers - $4.3 million in yearly revenue.
- Managed customer accounts, renewed yearly subscriptions, and upsold licenses.
- Maintained a less than 10% churn rate.
- Worked daily with our legal, finance, and sales operation teams to complete contracts, invoice customers, forecast, and track growth.

Content Creator
2014 - Present

www.sweatshorts.co | Portland, Oregon

- Sweatshorts.co is a niche clothing website that utilizes search engine optimization (SEO) to drive traffic and sales.
- Taught myself SEO, Google Analytics, advertising copy, email marketing, and most importantly, white-hat link building techniques.
- Currently on the first page of Google for a keyword (sweat shorts) that exceeds 12k searches a month.

Graphic Designer
Jun 2012 - Nov 2013

Gameday Media | Portland, Oregon

- Designed 80-page media guides for sporting events using the Adobe Creative Suite.
- Communicated directly with clients to create their vision.
- Handled a hodgepodge of client submitted files to produce articles, rosters, team photos, and additional content.
- Completed work on strict print deadlines. Sometimes putting in long nights to make last minute changes.

Education

Immersive Full-stack Graduate

Boise CodeWorks | Boise, Idaho

Full-stack immersive program with around 500 hours of programming. Including 4 complete full-stack applications.

Bachelor of Arts

Oregon State University | Corvallis, Oregon

New Media Communications Concentration; Minor in Spanish; Minor in Business and Entrepreneurship

Fun Facts

- Able to speak, read, and write in Spanish.
